DIRECTOR'S NOTES

So here we are, another opening, another show! I am delighted beyond measure that you have joined us. The actors and production staff have worked so very hard. I am grateful for the efforts and energy they have put forth. Each actor has embodied his or her character in such an honest and committed way.

Meg's story is a simple one, girl loves boy, boy loves the thought of her cash for his foundation, girl loves actor, actor loves the idea of her cash to start his own acting troupe. Actor falls for girl, girl falls for actor, and you'll have to watch the show to learn how it all turns out.

Thanks again for spending some time with us tonight. Special kudos to Grant Brown for the beautiful set and to Patti Cook as my Assistant Director and Stage Manger, it's not easy keeping this group straight! And to all the cast and crew for their tireless efforts and sharing so much of their creative energy! I love you all.

Brenda.
